- Customize with PerfectFit™ System
- 10+3 warranty*: 10 years structural & 3 years bumper-to-bumper

Safely transport your car or other vehicles and equipment with Featherlite's Model 3110. The open trailer features a skid resistant aluminum floor, removable fenders and a load height of 19". Featherlite's standard "Flex Foot" ramps make for convenient loading and unloading. The 17'6" and 20' Model 3110 can also be outfitted to haul skid loaders with crossmembers on 8" centers, extra reinforcement and heavy duty ramps. You can also add the optional Power Lift Package to the 20 ft. model to give you an easy way to load and unload without using ramps!

PRODUCT SPECIFICATIONS

- 8' or 8'6" width for 14' & 17'6" lengths; 8'6" width for 20', 22' & 24' lengths

Bumper Pull Car Trailer Model 3110

FEATURE	FUNCTION	BENEFIT
All-Aluminum Construction	Featherlites are made with an all-aluminum frame and skin.	With just routine maintenance, aluminum construction has higher resistance to rust and corrosion and in the long run, they hold their value longer. It's also lighter weight, increasing your payload capacity and making for a smoother tow.
3" I-beams on 12" Centers	3" I-beams run every 12" under the trailer.	Featherlites have a solid support system underneath the trailer for your heavy loads of cargo.
"Flex Foot" Ramps	Two "Flex Foot" ramps are standard. Ramps are stored underneath the trailer.	"Flex Foot" ramps more easily conform to the ground, which can often be uneven. This makes for easier and more convenient loading and unloading.
Wiring Harness	One-piece wiring harness is standard.	With Featherlite trailers, all wires are bundled in a protective jacket, known as the Featherlite wiring harness. Wire harnesses provide a watertight seal, protect against wire wear and tear and make connecting them to your vehicle easy. Without the harness, the individual wires would hang loose and unprotected.
Aluminum Floor	Featherlite's smooth extruded aluminum floor is standard.	Durability on the outside is also found on the inside. The aluminum floor is stronger & more durable to last longer through heavy use when hauling your cargo.

For full array of floorplans, visit www.fthr.com.

*On most new 2014 models beginning on October 4, 2013 and thereafter. 10-year limited structural warranty on frame and superstructure. 3-year limited warranty on all other parts manufactured and installed by Featherlite. Some exclusions apply. See website or dealer for details. Trailer may be shown with options.
