PERFORMANCE YOU

DIVERSE PRODUCT LINE

Engineered to be the best pulling, longest lasting trailers on the market, **H&H** offers the broadest selection of models from one manufacturer. Choose from a variety of steel and aluminum framed utility, landscape, car hauler, equipment, and deckover trailers, or one of our steel dump trailers. If you're looking for an enclosed model, we've got you covered with several sizes and style options. No matter what you choose, **H&H** has what you want and what you need...Trailers for every need and every budget.

EXCEPTIONAL SERVICE

Service is the foundation behind **H&H** and our trailers. We engineer and build top quality products at the best value while providing exceptional service – whether it's helping you find the trailer most suitable to your needs, or fixing a problem you encounter. With a core group of trailer manufacturing professionals and partnering dealers with years of experience, our team is available to answer your questions and help you choose a trailer that meets your needs, but exceeds your expectations.

CAN COUNT ON.

LANDSCAPE & UTILITY TRAILERS

H&H Landscape and Utility Trailers offer versatility to haul equipment for your active lifestyle or your landscape needs. Leading features provide you reliability you can count on day in and day out.

H&H TRAILERS ADVANTAGE

TIE-DOWN POINTS

Multiple tie-down points help keep your load safe and secure.

ALUMINUM MODELS

Our popular steel models also have an aluminum twin! These sleek and lightweight models feature aluminum wheels standard.

SETBACK JACK

Safely located out of reach of your tailgate to help prevent accidental damage.

SPARE TIRE CARRIER

While a flat tire is never convenient, our spare tire carrier definitely is (standard on steel models).

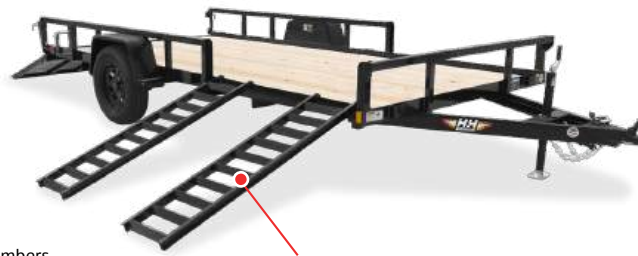

ATV

ENCLOSED SEALED WIRING

- Steel Angle Frame and Crossmembers

LANDSCAPE & UTILITY TRAILERS

CAR HAULER

TRAILERS

On or off the clock, H&H Car Hauler Trailers are the proven solution for towing your vehicle, ATV or side-by-side, compact tractor, or any light equipment and materials with confidence. With a wide range of models and options, we have the perfect trailer for your vehicle.

For complete protection from the elements, check out our H&H Enclosed Car Hauler Trailers on page 26.

H&H TRAILERS ADVANTAGE

SETBACK TONGUE JACKS

Safely located out of reach of your tailgate to help prevent accidental damage.

SEALED WIRING HARNESS

For added protection against the elements, each trailer is equipped with a sealed wiring harness.

REMOVABLE FENDERS

Great for providing additional clearance for your car doors. Standard on aluminum models.

UNDERCARRIAGE RAMP STORAGE

Keeps your ramps secure and easy to access at the rear of the trailer.

HYDRAULIC DUMP

TRAILERS

H&H Dump Trailers are built tough and proven to work hard for you. Each model is thoughtfully designed with key features to assist in your hauling needs – from a variety of materials like rock, dirt and debris to small and medium-sized equipment.

With light-duty to heavy-duty designs in a variety of sizes and payload configurations, H&H has a Dump Trailer that is right for you.

H&H TRAILERS ADVANTAGE

POWER HYDRAULICS

Quickly raise and lower your bed with a 12V hydraulic pump and deep cycle battery.

PUMP AND BATTERY STORAGE

Safe and clean storage for you hydraulic pump, battery and remote.

WELDED D-RINGS

Secure your equipment for a safe haul with the internal mounted D-rings.

SPARE TIRE CARRIER

While a flat tire is never convenient, our standard spare tire carrier definitely is (4.5x8 Homeowner excluded).

4.5x8 HOMEOWNER

| 83" x 16' | 14000 | 9450 |
| 83" x 14' | 16000 | 11750 |
| 83" x 16' | 16000 | 11300 |

SCISSOR HOIST

The **Scissor** hydraulic lift system contains a hydraulic cylinder within a hoist mounted to the underside of the trailer, increasing the rigidity between the dump bed and the dump frame. The scissor hoist provides the fastest cycle time of the different hoists with a power up, power down hydraulic pump.

PUMP, BATTERY, TOOL STORAGE

TELESCOPIC HOIST

Rapidly growing in popularity through proven performance, the **Telescopic** hydraulic lift system provides the best mechanical advantage when lifting a load. Having the cylinder mounted upright to the front of the bed directs the lifting force vertically, reducing stress to the frame and pivot points.

DECKOVER TRAILERS

ENCLOSED CARGO

TRAILERS

Built with industry-leading features, H&H Enclosed Trailers deliver confidence and performance for a smooth journey from start to finish. Rest assured your valuable cargo will stay dry and protected from the elements.

H&H TRAILERS ADVANTAGE

ENGINEERED WOOD INTERIOR

Using 3/8" engineered wood walls with an aluminum, H-channel panel divider adds strength plus a clean, finished look.

SCREWLESS EXTERIORS

Bonded by VHB™ tape for superior strength and a sleek design.

INTERIOR DOME LIGHTS

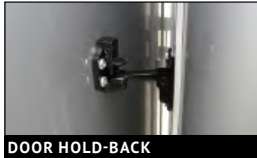

Each unit is equipped with a 12-volt, LED interior light with switch.

EXTERIOR PROTECTION

A vapor barrier, complete undercoating and a polyurea coating on the tongue and rear bulkhead protect your investment.
